

# THE RICHMOND CLIMAX.

VOLUME XI.

RICHMOND, MADISON COUNTY, KENTUCKY, WEDNESDAY, FEBRUARY 23, 1898.

NUMBER 38.

## From Extreme Nervousness.

THAT no one remedy can contain the elements necessary to cure all diseases is a fact well known to everyone. Dr. Miles' System of Restorative Remedies consists of seven distinctively different preparations, each for its own purpose. Mrs. L. C. Bransley, of Henry St., Cambridge, Ontario, writes: "For years I suffered from extreme nervousness and annoying constipation, developing into palpitation and weakness of the heart. I was unable to sleep, suffered much from headache, pain in my left side, palpitation and a constant feeling of weakness and prostration. I began using Dr. Miles' Nervine, Heart Cure and Nerve and Liver Pills and the Anti-Pain Pills to relieve sudden paroxysms of pain and headache. I soon felt much improved and the pains and aches and weariness left me. I then took Dr. Miles' Restorative Tonic and am now restored to my former good health."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle free, or money refunded. Book on diseases of the heart and nervous system free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

## PROFESSIONAL CARDS.

### ATTORNEYS.

**R. W. MILLER,**  
ATTORNEY-AT-LAW,  
RICHMOND, KENTUCKY.  
Office in the Bureau Building, next door to Farmer's National Bank.  
Feb-19

Call at Dental Office of Dr. Kolson, next door to postoffice.

**DR. FRED SMITH,**  
DENTIST.  
Office, over Collins' Grocery, same office lately occupied by Dr. W. W. Burgess. Jan-17

**HON. C. T. CALDWELL,**  
of Parkersburg, W. Va., Recommends Wright's Celery Capsules.

PARKERSBURG, W. VA.,  
January 20, 1898.

THE WRIGHT MED. CO.,  
Columbus, Ohio.

Gentlemen:—I have been using Wright's Celery Capsules since November, 1894, and find them to be recommended. I first began taking them while at Hot Springs, Ark., under treatment for Sciatic Rheumatism. Liver and Stomach trouble. Constipation which I had been a long sufferer. I found the Celery Capsules gave me great relief from the beginning and have used them ever since. With pleasure, and unhesitatingly, I recommend them to any and all suffering with like afflictions or either of them. Very truly yours,

CHARLES T. CALDWELL.

Sold by T. S. Hagan, Druggist. Price 50 cents and \$1.00 per box. Call at drug store and get free sample.

## IN MEMORY.

Mrs. Cyrena I. Kindred died February 1st, 1898, aged seventy-three years and three months. She had been a faithful member of the United Baptist Church for fifty years and will be sadly missed in her family.

She leaves three sons and three daughters to mourn her loss. One son and daughter having preceded her to the spirit land.

Where shall we find another like her, Whose loving spirit has been called away.

Or how shall we fill the vacant place left by her.

How bind the broken hearts of this sad day.

She has gone our dearest mother, Gone to dwell with Christ above; Gone where sorrow cannot come, And there is naught but love.

She was patient in her pain, And through weeping we can say; That our loss is but her gain.

So wonderful is our Dear Lord's way, No more suffering for her await, She is laid to this world's rest; For our Lord at Heaven's Gate, Bids Dear Mother enter in.

Yes, Dear Mother, you are there, And we will join you one by one; May we in our prayers Say not our will, but thine be done.

Daughter,  
S. E. Young,  
Richmond, Ky.

A WELCOME ISSUE.

The conclusion of Speaker Reed and his lieutenants that no currency legislation will be attempted during the present session is entirely satisfactory to the friends of honest government. We are much pleased that the gold combination is satisfied to go to the country on the issue presented in the Teller-Matthews resolution. That resolution presents so clearly the policy of the goldites to repudiate the contract which the bondholders made with the United States, and to extort from the taxpayers vastly more than the law, the contract, or the principle of equity justifies or sanctions, as to move all controversy as to the honest purposes of the parasites who rob the many for the benefit of the few.

When there are millions of undisputed claims pending in the two Houses of Congress, and the only reason given for failure or refusal to pay them is that there is no money in the Treasury for that purpose, and that the government is too much embarrassed in these hard times to pay these honest debts, the Republicans are willing to go to the country on the issue whether the bondholders shall enjoy a bounty of hundreds of millions by the transfer of an option to them which was reserved to the government by statute and by the contract under which the bonds were issued. The value of this option will be appreciated when we call to mind the message of Mr. Cleveland, transmitting the Morgan-Belmont contract to Congress, in January, 1895, in which he said if Congress would authorize him to issue gold bonds he would save for the government \$10,000,000 on the sale of \$92,000,000 of bonds.

The difference between gold bonds, which the Republicans declare to be the character of all the indebtedness of the United States, and gold or silver bonds, which was actually issued and received, would, according to Cleveland's message, amount to several hundred millions. It will be observed that notwithstanding Mr. Cleveland could save \$10,000,000 on \$92,000,000 of bonds if they were gold bonds, the Republican party save that the United States does not want to save anything, but will treat them as gold bonds, and give away hundreds of millions without any consideration whatever.

Why is this not a good issue on which to go before the country?—Silver Knight-Waterman.

## INVESTMENT COMPANY WINS.

The Southern Mutual Company, of Lexington, Ky., which also has a branch in this city, has won quite a victory in Squire McCann's court. T. J. McCann sued the company to recover \$22 paid in to it for eight months. His claim was based on his alleged failure to understand the contract with the company was operating as a lottery, the money paid out being decided by a drawing. Squire McCann decided the contract was valid and also decided, at Judge Barr previously did, that the investment company is not a lottery.—Louisville Times, Feb. 8, 1898.

## A Common Cold

and common carelessness can make a combination strong enough to defy all the healing skill of the physician. Common carelessness lets the cold root and grow. Common carelessness says, between paroxysms of coughing, "It will be all right in a day or two," and the common end is confirmed lung trouble, perhaps consumption. The common-sense treatment of a common cold is a prompt dose of Ayer's Cherry Pectoral. It is the most efficient and reliable cure for colds and coughs, and is constantly prescribed by physicians.

S. HAYNES, M. D., Saratoga, N. Y., says:— "I have used Ayer's Cherry Pectoral in my practice since 1858, and have always found it reliable for the cure of colds, coughs, and all lung diseases."

**Ayer's Cherry Pectoral**  
is now put up in half-size bottles, for half price—50 cents.

## NOT SO EASY.

REPORTS from Frankfort show that a bill has passed the Senate taking Jackson from the 8th Congressional district and putting it in the 11th. It is also stated that this bill will pass the House. So many statements have been made about the effect of this change that we have made a careful examination to see how the majority will stand in the light of the late elections. In 1896, Davidson's majority over Thompson was 2,481. Like the last Congressional district, Shackleford's plurality over him was 576, but then there were 1,071 votes cast for Hindman, gold Democrat, 221 for Parker, populist, and 288 for Wallace, prohibitionist, making for the last three named 1,560 votes. Subtract Shackleford's 576 plurality and the result shows a majority against the Democratic nominee last November of 984. If Jackson county is taken out of the 8th as proposed, and is probable we should deduct 1,672 the Republican majority in that county against Democracy as shown in the late election, and it will be seen that we have a majority in the 8th of only a narrow margin of 84. This is most too small to boast of and when we remember the work and expense of a large number of candidates in each county in the last November election and then remember that there will be only one Democratic candidate in the next election, the burden and responsibility of our candidate for Congress are manifest. The race is not going to be a walk-over even for the best man that can be nominated. If therefore he chooses the party to make no mistake in its nomination or we may again have a Republican to misrepresent us. Let the nomination seek the right man for once and the office will follow as a matter of course.—Interior Journal.

Consumption Positively Cured.

Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment, tried money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years has been attending to business and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery for Coughs, Colds and Consumption. It doesn't fail. Trial bottle free at Perry & Thomas' Drug Store, Successors to W. G. White.

**DR. CALDWELL'S SYRUP PEPSIN CURES CONSTIPATION.**  
WARNING AGAINST SMALL-POX.

TO THE HEALTH OFFICIALS, PHYSICIANS AND PEOPLE OF KENTUCKY:

Small-pox is now widespread in Eastern Tennessee, North Carolina, Southwestern Virginia and Northern Alabama, and several cases exist in Middleboro and near Jellico in this State. The epidemic appears to have originated in Mobile last summer and to have been gradually extending northward since. It is chiefly prevalent amongst the negro population and manifests an unusual tendency everywhere to break over official control and assume an epidemic form.

This Board, therefore, feels that it is its duty to warn the people that prompt action may prevent its further spread in this State. Fortunately prevention is as certain and safe as it is cheap and easy. Vaccination and revaccination, properly done, with reliable virus, is a certain preventive and is entirely free from danger. This is the conclusion of the health officers of the world after years of patient investigations, and is now an accepted truth in preventive medicine.

Notwithstanding these facts, about one-third of the people of Kentucky have never availed themselves of this protection. Our people should not wait for orders from boards of health in the presence of an epidemic to force them to an evident duty. Every citizen should see to it that not only himself but every one for whom he is responsible is vaccinated at once. No child should be admitted to any public or private school who has not been vaccinated, and all factories, railroads and mines should make the same requirement. This is especially important in view of the threatened danger.

The operation should be done by a complete physician, under proper aseptic precautions, and he should see the person vaccinated from time to time so the result may be certain. Imperfect vaccination gives a false and often fatal sense of security. Reliable virus can be obtained from the National Vaccine Farm, Washington, D. C., or their agents, the Henry Pharmacy Company, Louisville, Ky.

In addition it is urgently requested that all boards of health perfect their organization at once. If they have not done so, and take every precaution to prevent the entrance of the disease into their jurisdiction, or, failing in this, be ready to stamp it out by strictly isolating the first case, and vaccinating and revaccinating every person exposed to it. All funeral should be strictly private.

This Board holds itself ready to give any assistance in its power at any time. By order of the board:

J. M. MATHEWS, M. D., President.  
J. N. McCORMACK, M. D., Secretary.

During the past sixty days thirty-six trusts have been organized in the United States, all of which are fastened by the prohibitive tariff duties of the Dingley law. These trusts represent \$173,000,000 of capital, and include steel beams, malt paper, tin plate, axes, window glass, powder, pianos, sewer pipe and a number of other articles.

**ANDY CATHARTIC Cascarets CURE CONSTIPATION**  
REGULATE THE LIVER ALL DRUGGISTS

10¢ 25¢ 50¢  
ABSOLUTELY GUARANTEED to cure any case of constipation. Completely the Ideal Laxative. No pain and no bad effects. Sold by all druggists. Made at St. Louis, Mo. or New York, N. Y.

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER CO., NEW YORK.

## NEW YORK FASHIONS.

Theatre waists of net, lace or chiffon have boleros of embroidered silk or velvet.

The latest cut in skirts shows the flounced Paquin effect.

Cut steel and pearl trimmings accentuate the puritan beauty of gray gowns.

Velvet skirts trimmed with full, soft ruchings of net or chiffon will be worn late into the spring.

The list of glittering trimmings, gold embroideries and jewelled lace will not be lessened this spring.

Some highly finished cloths are shown by Lord & Taylor. Sample of new spring dress goods will be sent by this firm to all who write for them, to Broadway & Twentieth Street.

White cloth skirts are as often seen as are velvet ones upon dressy afternoon or evening occasions.

Black gowns will hardly lose their popularity until the spring is well advanced, if then. They are lined with bright-colored taffeta silk.

Women are walking jewelry shops at present, so popular are trinkets of all sorts.

Little boys who have outgrown the hood stage are now crowned with dainty headgear in hat shape. Best & Co. some cute little affairs of creamy felt with round, low crowns and rolled brims, trimmed with twists of coral silk and rosettes of the same, with, perhaps, the addition of white feathers.

Linings are of plain colors or Roman stripes.

## LOUISVILLE TOBACCO MARKET.

Total sales in this market last week were 3,442 hds. against 2,412 hds. for corresponding week of last week. Total receipts 2,802 hds. against 1,257 hds. for corresponding week of last year.

Rejections last week were 811 hds., 26 per cent of the auction sales against 51 per cent of the previous week. Of the total sales 2,908 hds. were Burley and 444 were dark tobacco. Excepting Tuesday, last week's market has been the best of any week since Christmas.

The offering was exceedingly poor on Tuesday and the bidding was indifferent. Wednesday, however, was a full break of good, useful tobacco and competition was very strong. Thursday's sale was perhaps not quite so snappy, but prices ranged nearly or quite up to those of the preceding day. Taking the whole week, it is easily the best of the year thus far, and prices ranged from \$1 to \$1.50 above those of the past two weeks. We do not change quotations, but readers must understand that prices this week have ranged very near outside figures. This comment applies pretty well to all grades and types of new Burley. Old Burley still occupies a very strong position and finds ready takers at all prices for the limited offerings. It is generally believed in the trade that old Burley will sell much higher during the coming spring and summer than now.—Farmers Home Journal.

Another victory is scored for McKinley prosperity by the announcement that within a week every cotton mill in New England will be idle as the result of a strike on the part of operatives because of reduction in wages. One hundred and fifty thousand men will thus be thrown out of employment. This will be one of the most far-reaching strikes in the history of the country. These are the same workmen who voted for McKinley and the gold standard because they were told it would bring them "good times."—Blue Grass Clipper.

## Begin Early

to fight the germs of disease to be found everywhere—in the air we breathe, in the water we drink. Build up the weak spots and fortify yourself against sickness by making the body germ-proof, and you will be saved from attacks of malaria, grip and kindred complaints.

**Johnston's Sarsaparilla**  
is the best remedy known for building up the weak spots and fighting disease germs of all kinds. It purifies the blood, regulates the bowels, helps the liver and kidneys perform their proper functions, and gives new life and vigor to suffering men and weak, nervous women.
